

NEVER GIVE UP KEEP RUNNING

ENJOY RUNNING ENJOY FREEDOM

VISHNU KAMALIYA ULTRA MARATHONER

VISHNU KAMALIYA

- Myself Vishnu kamaliya I love racing, mountain trail, trail run, trekking, cycling, running and swimming.I am lucky enough to finish top few places.
- One of my most favourite marathon is the Deccan ultra marathon which is 80km.I really enjoy running in the coastal range during winter and marathon like, mountain ultra marathon or the Pacific run which is of 50km and 80km, which are of great fun.
- The most memorable marathon for me is the Deccan ultra marathon 80km which has great memories for me.I would love to participate in more marathons like this,but I need to work more hard on my weakness and have to polish my strength.
- Excluding weekends I need to work the whole weekend most of the time the whole year. That's why marathons are generally not conducted by the organiser on the mid day of the week and happens maximum time on weekends only.
- We also run our own event management company in the name of a bluesoltech,who promotes all sports and commercial events.
- Our team wants to explore more places in India which are full of adventurous activities.Also have natural wilderness surrounded by mountains.
- I do have experience of running under various conditions and places at various times. Which I really need to show the upcoming generation and people to make them understand the beauty of nature.I wish to showcase my feelings when we actually achieve those feats.
- I am a sportsman - marathoner/cyclist I feel our upcoming younger generation of country can learn and come forward to know about adventures and heritage of our country.
